CLASSIFICATION S. CHARLOCOTTROL - U.S. OFF GLALS ONLY CENTRAL INTELLIGENCE CENCY REPORT INFORMATION REPORT CD NO. 635351 25X1 DATE DISTR. COUNTRY Poland 6 July 1954 SUBJECT Installations and Ships in Gdynia Harbor NO. OF PAGES 25X1 PLACE NO. OF ENCL ACQUIRED. DATE OF SUPPLEMENT TO INFO. THIS IS UNEVALUATED INFORMATION 25X1 25X1 ship dropped anchor in 12 meter water in 52,32.1 N/18 37.7 E and remained there until 11 a.m. when the pilot care abourd to take her into the harbor, which was full of ice. She was immediately tied up to her loading berth in the middle of quay and quickly cleared to start loading operations with as 25X1 25X1 little delay as possible. Two officers, one petty officer and twelve other 25X1 ratings bourded her to perform the inward clearing formalities. Although the searching was made as thouroughly as on previous occasion, it took only two hours to complete the clearing because of the larger number of personnel 25X1 available this time, and loading started immediately. Vessels berthed in the 25X1 included Polish steamers POZNAN, LUDA and GOPLO 25X1 German motor vessel GESCHWISTER RAABE and Soviet steamer STALINGRAD and ALEXANDER NEWSKI. Other 25X1 ships in harbor could not be identified 25X1 Eight modern luffing cranes served for loading operations 25X1 they worked most satisfactorily. These cranes had a maximum lifting power of seven tons as informant read on name plates of two cranes working alongside 25X1 his ship. The other six cranes were of similar design. Six railroad tracks, 25X1 interconnected by switches, were on quay. Two workshop buildings with large windows and skylights were on the quay, and 25X1 repair work for the fishing industry was done there. 25X1 grounded long before she had taken on her full coal cargo. Her captain and officers obviously were unaware of this fact, and subsequent efforts of tugboats to refloat her were unsuccessful. It was not until about 1,000 tons of her cargo had been unloaded that she was afloat again.

Approved For Release 2006/01/31: GIA-RDP80-00810A004300490001-0
